

*Say goodbye to your junk!*

Is old, broken, unused or unwanted junk beginning to pile up around your home? Let us get rid of it! We handle the labor, the transportation, and the legal disposal. When you're ready to chunk it, call Junk It!

### How does it work?

Our uniformed two-man crew will arrive on time and remove your junk whether it is in the house, the garage, or the back yard. Then we'll dispose of it properly through recycling, donating it to charity, or taking it to the nearest sanitary landfill.

Costs are based on the volume of material to be removed. Use the junk calculator on our website to help estimate a ballpark price.

### Who are you?

We are a licensed and insured professional waste management company who has provided weekly residential and commercial trash pickup, temporary portable toilets and self-contained lavatory/shower units for special events and emergencies since 2000.
